

Cords and ladder strings

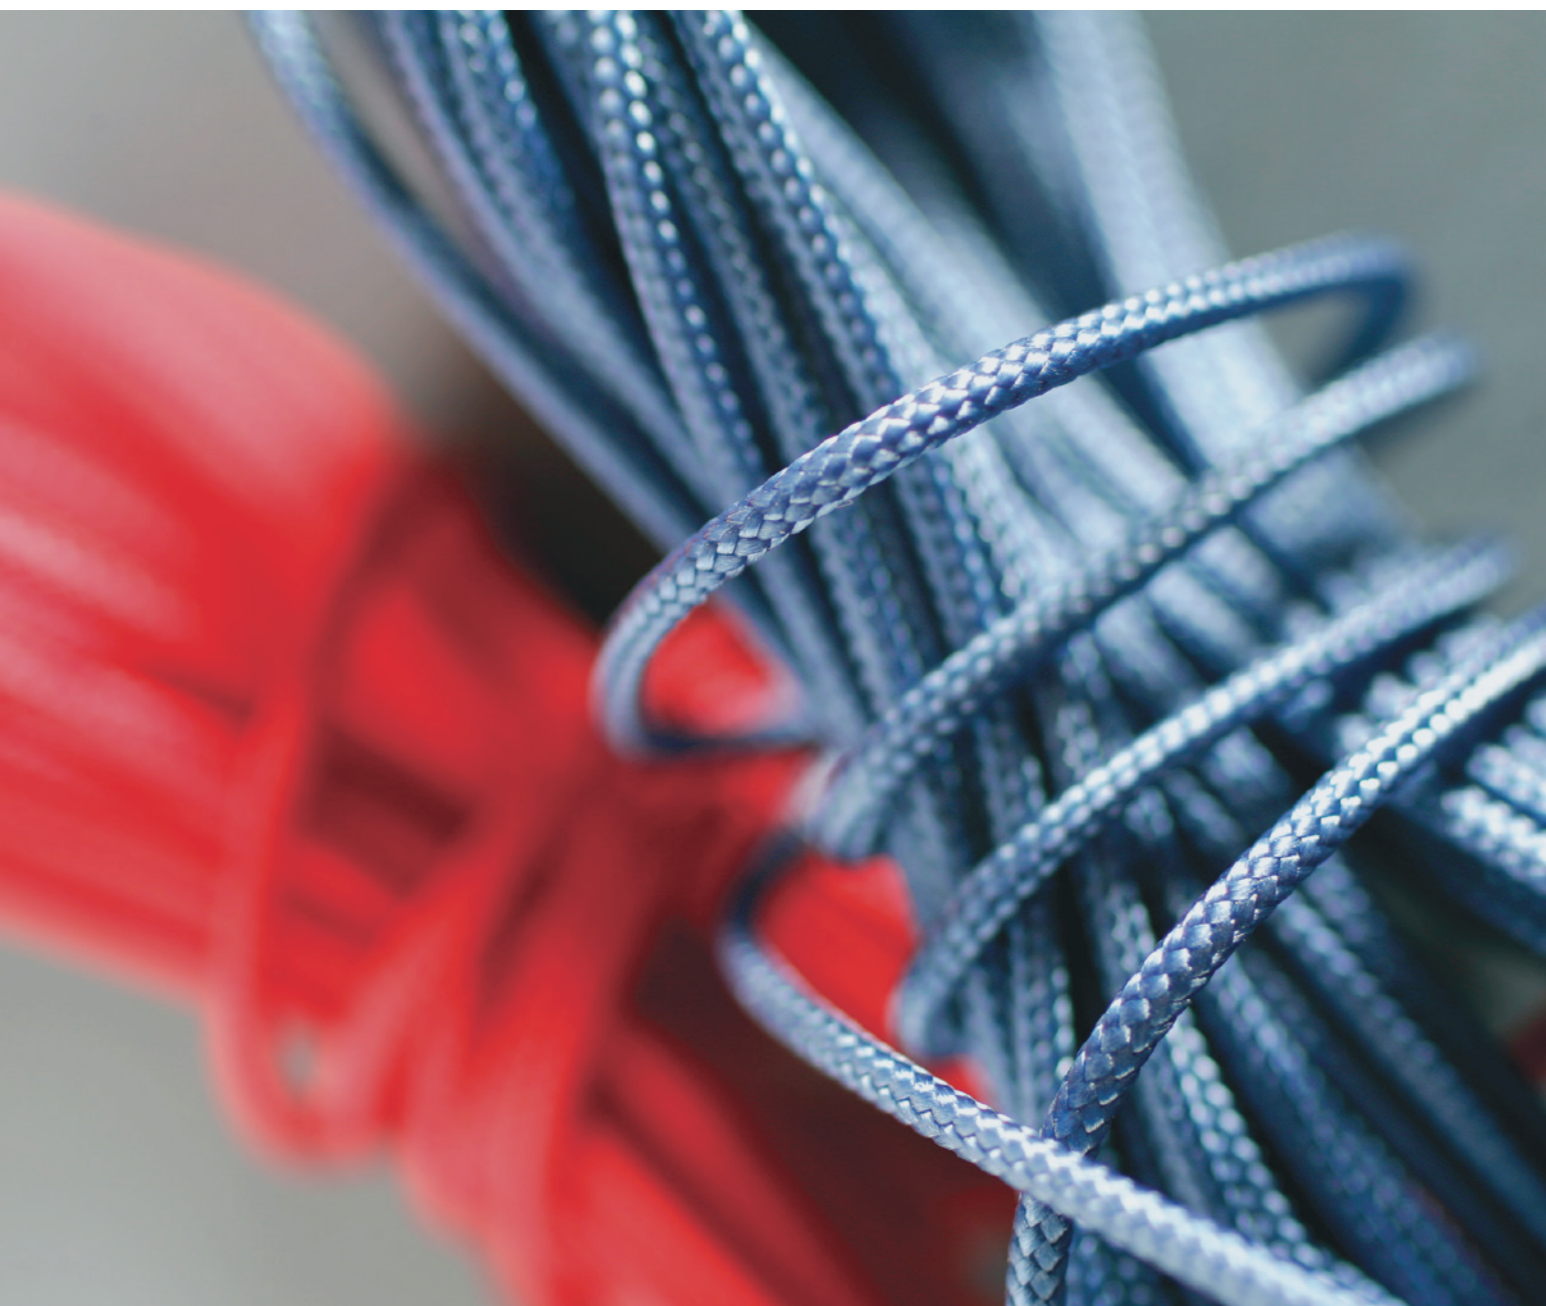

**Textiles for
aluminium blinds**

OUR PRODUCTS PROVIDE SHADE. WE DELIVER QUALITY.

Aesthetics meets durability. Function meets design. Our cords and ladder strings are high-tech textiles that meet premium requirements. This is what Julius Koch stands for with more than 125 years of experience in the field of textile solutions.

Developed for customizing.

Our textiles are made of strong solid polyester and therefore particularly suitable for long-term use. The dimensions shown in this catalogue correspond to our standard product range. However, we can of course produce individual specifications on request. Challenge us.
